Owned by not-for-profit hospitals, Premier operates one of the leading healthcare purchasing networks and the nation's most comprehensive repository of hospital clinical and financial information. A subsidiary operates one of the nation's largest policy-holder owned, hospital professional liability risk-retention groups. A world leader in helping healthcare providers deliver dramatic improvements in care, Premier is working with the United Kingdom's National Health Service North West and the Centers for Medicare & Medicaid Services to improve hospital performance.

What is the Continuum of Care program?

Premier's Continuum of Care program is a unique program designed for non-acute care sites owned/leased/managed or strategically aligned with a Premier affiliate. Participating classes of trade include: surgery centers, home health care, long term care, imaging centers, and physician practices/medical groups. This program offers members:

Flexible model – Designed to meet the supply chain needs of non-acute care providers of any size

Superior savings – The most comprehensive portfolio with unparalleled savings in more product categories

Outstanding support – Customized customer service to meet the needs of each individual provider

How can I participate?

Program participation and access to the portfolio begins when the physicians practice chooses ProviderSelect: MD as the group purchasing organization of choice. Once the simple membership application is completed and returned to Premier, your unique membership code is created in just a few days.

Is there a Web site for this program and how do I access it?

Yes. You may get more information by visiting www.premierinc.com/providerselectmd.

How does Premier select its distributors?

McKesson Medical Surgical is the exclusive distribution partner for medical, surgical, lab and pharmacy supplies for ProviderSelect: MD. Access to this contract portfolio begins when the application is received and notification is sent to McKesson. No additional action is required.

If you have any questions or would like to speak to a local representative about McKesson or other distribution categories such as office supplies, housekeeping, maintenance, repair or operations, please contact Premier's Solution Center at 877.777.1552 or solutioncenter@premierinc.com

How do I place an order with a distributor or supplier?

Before placing your first order, your practice will need to verify that your account is "set up" and that the contract pricing is available through the distributor or direct from the supplier. Note: most medical, surgical, lab, and pharmaceuticals must be ordered from McKesson Medical Surgical, but a few must be ordered direct from the supplier. You should always reference your membership with Premier with all contracted distributors and suppliers to ensure you are getting the correct contract price for each purchase.

Where can I see a product list?

For a list of contracted products offered, you will need to contact each supplier or check with your local McKesson Medical Surgical representative.

What is a PMDF and how do I know if a manufacturer requires one to access contract pricing?

"PMDF" is an acronym for Premier Member Designation Form. These are documents required by suppliers that each practice must sign before contract pricing can be extended through McKesson Medical Surgical. PMDFs generally help the suppliers identify a designated group purchasing organization and/or may require a specific commitment from the practice in terms of annual dollar or percent commitment between the practice and the supplier.

NOTE: Not all suppliers require a PMDF. Contact Premier's Solution Center at 877.777.1552 to learn more about those contracts that require additional paperwork.

When can we expect our contract pricing to be available through McKesson Medical Surgical?

Once your membership has been announced by Premier to all contracted distributors and suppliers, it may take up to 30-45 days to get the pricing "loaded" for your account. To ensure that your pricing is loaded to your account, you should work closely with your McKesson Medical Surgical representative. In the event that additional paperwork (PMDF) is required, please contact Premier's Solution Center to receive current copies for completion.
