✓ Dedicated customer support

Local sales representatives and toll free direct number

✓ No hidden fees

A 12-month fixed price to help budget planning

✓ Cost reductions

Reusable containers and increased waste stream efficiency

Why we use Daniels...

"We chose Daniels to manage our sharps, medical and pharmaceutical waste because of their safer sharps containers and competitive pricing. I'm glad we did, because they are a pleasure to deal with – from the punctual driver, through to their helpful customer service."

Sandy Evans, Practice Manager, John E. Weinsenberger, M.D. Hanford, CA 93230

Sharpsmart – a safer way to dispose of sharps

The reusable Daniels Sharpsmart system is arguably the world's safest and most environmentally responsible sharps management system.

Available in a range of sizes to suit all healthcare facilities, the reusable Sharpsmart collector incorporates many intelligent safety features that are proven to dramatically reduce the risk of sharps injuries to your staff and patients. And of course, it's far better for the environment than disposable collectors.

In peer-reviewed studies^{1,2}, Sharpsmart reusable containers reduced:

- ↓ Container-associated sharps injuries by 80%
- ↓ Disposal sharps injuries by 55%
- ↓ After-use sharps injuries by 30%

Regulated medical waste removal service

Daniels can help you effectively and efficiently manage your medical and pharmaceutical waste streams, by providing fully compliant, service-driven and cost-effective waste removal services. You'll get flexible waste removal scheduling and the documentation to satisfy all regulatory requirements, all helping to reduce your admin workload.

Finally, now you have a choice

Your sharps and medical waste solution is now simple – to reduce sharps injuries, lessen your environmental footprint and improve your bottom line, call Daniels today.
