Charity Care

Financial Assistance is provided to patients who are in need of health care services but cannot afford to pay for that care and may have a significant financial burden as a result of the amount they are expected to pay.

Partial and/or full charity care is based on the individual's ability to pay and upon meeting certain income eligibility criteria as established by the Federal Poverty Income Guidelines where no significant assets exist and the patient is not eligible for coverage from a third party.

To learn more about **Financial Assistance**, you may speak to a Financial Counselor at the time of your hospital visit or contact the Customer Service Department at 248.577.9600 after you have received a bill.

Medicaid Eligibility

Our Financial Counselors at Beaumont – Farmington Hills are here to help determine if a patient is eligible for Medicaid and provide assistance with the application process. If you believe you may be eligible, please call 248.471.8092 for assistance.
