Podiatric Medicine Surgical Residency with Reconstructive Rearfoot/Ankle Program (PMSR/RRA)

Farmington Hills, Michigan
Botsford Hospital Highlights

- First established in 1944 by Dr. Allen Zieger
- Accredited by the American Osteopathic Association and Council on Podiatric Medical Education
- 330 Bed Acute Care Medical Facility
- Botsford trains more than 160 residents in numerous specialties annually
Botsford Hospital Highlights

• Botsford employs a medical staff of more than 500 physicians in the areas of primary care, surgery, specialty, and preventative care

• Botsford provides a wide array of exceptional technological services and facilities for treating patients both in the hospital and through the clinic systems

• Emphasizes high quality and compassionate medical care in a warm and welcoming community environment
Message from the Director

Thank you for your interest in the Botsford Hospital Podiatric Medicine & Surgery, Reconstruction Rearfoot/Ankle Residency Program. Our residency experience offers the knowledge, skills, professional attitude, and judgment to accomplish those competencies needed to be a well-rounded podiatric physician in medicine, orthopedics and forefoot/rearfoot/ankle reconstructive surgery.

The educational curriculum at Botsford Hospital provides both core resource-based rotations as well as exceptional rotations in advanced medical and surgical specialties to enhance the didactic and surgical cognitive skill levels.

Marshall G. Solomon, DPM, FACFAS, FACFAOM
About The Program

- Accepts 4 residents each year.

- Participant in CASPR/CRIP.

- In the first year of the PMSR/RRA program, the podiatric resident will strive towards competence in all aspects of podiatric medical knowledge, along with the development of skills and a professional attitude to supplement a well-rounded residency in clinical podiatric medicine.

- Upon completion of the last 2 years, the podiatric resident will have attained the knowledge, skills, professional attitude, and judgment of all aspects of podiatric surgery of the forefoot, midfoot, rearfoot and ankle.

- The educational curriculum provides both core resourced-based rotations and experiences to exceed the minimal activity volume required by CPME and APMA, and to be able to sit for qualification with the American Board of Podiatric Surgery, American Board of Podiatric Orthopedics and Primary Podiatric Medicine.

- In addition there are exceptional rotations in advanced medical and surgical specialties to enhance the didactic and surgical cognitive skill levels.
Podiatric Residency Training Committee

Jeffrey Yung, DPM, FACFAS
Assistant Residency Director

Marshall Solomon, DPM, FACFAS, FACFAOM
Residency Director, Department Chairman

Susan King, DPM, FACFAS

Charles Young, DPM, FACFAS

Jeffrey Danto, DPM, FACFAS
Podiatric Staff

- Bernstein, Randy, D.P.M.
- Bloch, Alan, D.P.M.
- Cramblett, Jeffrey, D.P.M.
- Danto, Jeffrey, D.P.M.
- Galea, Peter, D.P.M.
- Gopoian, George, D.P.M.
- Grodman, Scott, D.P.M.
- Kalmus, Allan, D.P.M.
- Keys, Marc, D.P.M.
- King, Susan, D.P.M.
- Ledbetter, Kristy, D.P.M.
- Lefkowitz, Harvey, D.P.M.
- Levitsky, David, D.P.M.

- Martins, Darryl, D.P.M.
- Mozen, Neal, D.P.M.
- Nelson, Marie, D.P.M.
- Page, Matthew, D.P.M.
- Sehgal, Rajeev, D.P.M.
- Solomon, Marshall, D.P.M.
- Stock, Tara, D.P.M.
- Turkin, Thomas, D.P.M.
- Ungar, David, D.P.M.
- Wayne, Mitchell, D.P.M.
- West, Brandon, D.P.M.
- Young, Charles, D.P.M.
- Yung, Jeffrey, D.P.M.
Additional Orthopedic Staff

Mark Kwartowitz, DO

Ronald Lederman, MD

Tudor Tien, MD
Affiliated Hospitals

Lakes Ambulatory Surgery Center
2300 Haggerty Rd., Suite 1000
West Bloomfield, MI 48323

Allegiance Hospital
205 N East Ave
Jackson, MI 49201
Affiliated Hospitals

Children’s National Medical Center, Washington, DC

San Juan Regional Medical Center, Farmington, NM
Unique Strengths

• Twenty-four hour Computer Lab
• Skills Lab
• Cadaver Dissection Labs
• Billing & Coding Education and Training
• Hospital/Clinics EMR
• Full access to podiatric educational materials including texts, journals, videos, and imaging
• Fair call schedule
• Strong didactic interaction
Unique Strengths

- Diversity of forefoot, rearfoot, and ankle surgery
- Foot & Ankle Arthroscopy Course
- AO/ASIF Podiatric Basic and Advanced Course
- ACFAS Trauma Course
- ACFAS-ACFAOM National meeting participation
- Biomechanics Emphasis
Unique Strengths

- The Baja Project emphasizing surgical treatment for crippled children.
  - Pediatric surgical missions to Tegucigalpa, Honduras to evaluate and treat pediatric patients.

- Pediatric Orthopedic Surgery Rotation at Children’s National Medical Center in Washington, D.C.

- Foot & Ankle Trauma Exposure - Botsford Hospital, Lakes Surgical Center, Allegiance Hospital, and San Juan Regional Hospital.
Unique Strengths

- Hospital based Podiatric Medicine Clinics
- Clinical Rotations through teaching faculty private offices
- Excellent Hospital based Medical and Surgical Rotations
